Media roll for single-sided printing

Media sheets for duplex printing

ONE CONFIGURATION, ALL FORMATS, ALL MEDIA

DT-T9 LITE II

Fast and user-friendly photo order terminal.

SNAPLAB PRO

Both printers are now fully managed through an all-in-one software.

DS620 PRINTER

DNP Flagship Printer. It can use all media types and print in formats from 5x15 to 15x52 cm.

DS820DX PRINTER

Advanced professional Duplex photo printers.

MICROLAB FURNITURE

Compact :
22,4''(l) * 22,6''(d) * 42,3'' (h)
Elegant & customizable.

THE STRENGTH OF THIS CONFIGURATION LIES IN THE PERFECT COMPLEMENTARITY OF BOTH PRINTERS.

The DS620 is one of the fastest photo professional printers on the market and is compatible with all DNP specialty papers, including the Luxury Media, the Creative and Classic series.

Ensuring maximum versatility and high volume performance.

The DS820DX extends this capability by offering all formats from 4''*4'' to 8''*12'', unlocking new creative possibilities thanks to duplex printing, integrated cutting and creasing.

Together, both printers are efficiently managed through the SL Family software suite, delivering a unified and efficient workflow.
